Txt file format which is useless. I searched the net for all the version manual for all the type, but couldn't find a. Txt file. Is it possible to obtain the part manual for the 2004 full version. If so please let me know as i am a new autocad user A: The manual for AutoCAD 2004 (and 2007 and 2010) is available at If you sign up for an Autodesk Account you get access to Technical

Support Downloads which has the manual and, to a limited extent, other documentation for most products. Q: Is there any function to return the list of one of the column type of a data frame based on a condition? I have the following data frame as:
data 82157476af
